Premium Products

Come From a Premium Source

Over 60 years of experience
and 1300 years of fastener expertise

Over 850 of the Most Used Socket Screws in Inch and Metric - are Made in the U.S.A.

Our Premium Products:

- Meet ASME and ASTM Standards
- Are made in an ISO 9001-2000 Facility in Euclid, OH with an A2LA accredited lab
- Are approved for use across many industries
- Are compliant with NAAMS Standards and approved by GM, Ford and Chrysler for assembly and stamping tooling
- Are inspected in process every 30 minutes
- Have re-rolled threads 5/16 inch diameter and larger and equivalent metric sizes to eliminate nicks and assure more consistent assembly
- Stock items are processed and shipped within one day
- Manufactured from DFARS compliant specialty material

**Can your fastener “source” offer
the same premium standards?**
